Raumer.

Amsterdamsche  
Saturday.  
My Dear Sir

I rejoice to find that I  
have at last cut open the  
copy of your history of Europe  
which you were so kind  
as to lend me last year.

It has not however been  
unread, for in fact, I had  
read it in another copy  
which I had obtained elsewhere  
and read it with the

attention and delight which it  
must cause to all intelligent  
and cultivated minds

believe me, ever  
most faithfully  
yours

W. Helmen.

Herrn Kauner. —
